SAILED.—The *Montana* got off punctually at 4 P.M. on Saturday last.

COOL.—The weather during the past week has been very cool, particularly at night, and a blanket has been necessary for comfort, especially towards morning.

LA VENUS.—We read in the Japan Times that the French frigate Venus, which paid us a prolonged visit of several months last year, arrived at Yokohama on the 9th of October last.

NEW IRON WAREHOUSE.—We learn that Mr. J. T. Waterhouse has just imported the materials for building a large iron-front warehouse, which will be erected at the same place where the bee-hive store now stands.

ARRIVED.—We call the attention of Merchants to the Auction sale to-morrow, as we notice he refers to the recent failure of Messrs. Adams & Wilder at the store of Messrs. E. Hirschlaeger & Co. They offer a good selection of new goods at a liberal credit.

WE ARE REQUESTED TO CALL THE PARTICULAR ATTENTION OF THE TRUSTEES OF THE QUEEN'S HOSPITAL TO THE SPECIAL MEETING OF THE BOARD, TO TAKE PLACE AT THE COURT HOUSE TO-DAY AT NOON, THE MATTER OF IMPORTANCE WILL BE BROUGHT BEFORE THE MEETING.

NEW SCHOONER.—We notice that Mr. Geo. J. Ensign has just laid the keel of a new schooner, the frame for which has been imported lately from Germany by Mr. Ferdinand Pfleider. The schooner is expected to be ready in about two months, and, judging from the model which has been shown to us, we expect her to make a valuable addition to the public as a pleasure-worthy one.

INTER-ISLAND COMMUNICATION.—THE WANT OF INTER-ISLAND COMMUNICATION between this port and the other islands of our group, begins to be severely felt by our business community. The calm prevailing at this season interrupting too frequently the regular transfer of the mails and disturb the speedy conveyance of produce from the plantations to this market. The schooner *Maria* has been absent from this port, on her trip to Hilo, 26 days before the news of her loss at Oahu reached us. Visitors to the volcano on Hawaii have made no mode of conveyance between the different islands but that furnished by schooners, and every one who has travelled by them knows what inconvenience he is exposed to. We saw the schooner *Annie* leave the wharf on Saturday last, bound for Hilo, with quite a number of cabin passengers, most of whom were bound on a pleasure trip to the volcano, and we are pretty sure that most of them would gladly have paid double the passage money, had they been able to go by steamer. We sincerely hope that our long our business men, in conjunction with the Government, may find some practicable way of reviving again our much wanted inter-island steam navigation.

PACIFIC COAST COMPANY.—THIS VERY EFFICIENT AND PUBLIC SPIRITED ORGANIZATION HAS HAD ITS ANNUAL ELECTION ON MONDAY OF LAST WEEK, A NUMBER OF WHICH WAS INADVERTENTLY OMITTED BY US. THE FOLLOWING ARE THE OFFICERS:

Foreman, Thomas Hughes; Assistant Foreman, F. Dillingham; Secretary, T. Tennant; Treasurer, W. W. Hall; Delegate to Fire Department, E. C. Macfarlane.

HONOLULU IRON WORKS.—ON A LATE VISIT TO THE HONOLULU IRON WORKS, WE WERE PLEASED TO WITNESS THE ACTIVITY IN THEIR BOILER SHOP. ONE STEAM BOILER HAS JUST BEEN COMPLETED THERE FOR THE USE OF THE STEAM-ENG. CO., WHILE A SMALLER ONE IS NOW BEING BUILT FOR THE EAST MANI PLANTATION. THE ESTABLISHMENT OFFERS ALL POSSIBLE FACILITIES FOR THE SPEEDY AND SATISFACTORY FABRICATIONS OF ANY KIND OF MACHINERY.

PACIFIC COAST COMPANY.—THIS VERY EFFICIENT AND PUBLIC SPIRITED ORGANIZATION HAS HAD ITS ANNUAL ELECTION ON MONDAY OF LAST WEEK, A NUMBER OF WHICH WAS INADVERTENTLY OMITTED BY US. THE FOLLOWING ARE THE OFFICERS:

Foreman, Thomas Hughes; Assistant Foreman, F. Dillingham; Secretary, T. Tennant; Treasurer, W. W. Hall; Delegate to Fire Department, E. C. Macfarlane.

HAWAIIAN KING AND MAIDENS.—IN THE NATIVE PAPERS PUBLISHED IN HONOLULU, THERE FREQUENTLY APPEAR OLD COMPOSITIONS BY THE NATIVE POETS AND HISTORIANS, WHICH WOULD BE HIGHLY INTERESTING IF TRANSLATED. THE LATE JUDGE ANDREW, IN THE PREFACE TO HIS "DICTIONARY OF THE HAWAIIAN LANGUAGE," SAYS:—"THE STUDY OF THESE KAHU WOULD DEMONSTRATE THAT THE HAWAIIANS POSSESSED A LANGUAGE NOT ONLY ADAPTED TO THEIR FORMER NECESSITIES, BUT CAPABLE OF BEING USED IN INTRODUCING THE ARTS OF CIVILIZED SOCIETY AND ESPECIALLY OF PURE MORALS, OF LAW, AND THE RELIGION OF THE BIBLE." SUCH TESTIMONY, FROM SUCH AN INDEPENDENTLY RELIABLE SOURCE, IS WORTHY OF ALL CONSIDERATION.

FIRE DEPARTMENT PARADE.—THE ANNIVERSARY OF THE PRESENT ORGANIZATION OF THE HONOLULU FIRE DEPARTMENT OCCURRED ON WEDNESDAY, FEBRUARY 24, WHEN, AS HAS BEEN THE CUSTOM FOR SEVERAL YEARS PAST, THE ENTIRE DEPARTMENT WILL TURN OUT IN UNIFORM AND MARCH THROUGH THE PRINCIPAL STREETS, WITH THEIR MACHINES AND PRECEDED BY A BAND OF MUSIC, THE WHOLE BEING UNDER THE DIRECTION OF CHIEF ENGINEER, C. E. WILLIAMS AND HIS ASSISTANTS. AS WE HAVE HAD OCCASION TO OBSERVE IN MORE THAN ONE PREVIOUS ISSUE OF THE GAZETTE, OUR FIRE DEPARTMENT, IN ITS APPOINTMENTS, EFFICIENCY, AND THE PUBLIC SPIRIT OF ITS MEMBERS, RANKS SECOND TO NONE IN ANY PART OF THE WORLD, FOR A CITY OF THE SIZE AND POPULATION OF HONOLULU.

A LAWYER WHO RECENTLY DEFENDED A BRITISH EDITOR IN A SUIT FOR LIBEL, WHEN REQUESTED TO SEND IN A BILL, REPLIED THAT HE WOULD AS SOON THINK OF MAKING A CHARGE FOR ACTING AS SECOND IN A DRAVE.

A WHITE BOY MET A COLORED BOY THE OTHER DAY, AND ASKED HIM WHAT HE HAD SUCH A SHORT NAME FOR. "I SPEECH SO IT WON'T POKES IT IN OTHER PEOPLE'S BUSINESS."

ROLLES & CO.

MAIL FOR SAN FRANCISCO.—The schooner *J. H. Ross* will take the next mail for San Francisco, to sail to-morrow.CORRECTION.—In Dr. Hillerbrand's report, as printed in the *Times*, the sentence on line 20 to 21 from below in the first column, should read: It is supposed that the great majority of successfully re-converted persons presented themselves for inspection, instead of "vaccinated" and "re-vaccination." In line 1 of the second column, it should read: It is worthy of remark that two successful, etc., instead of "a."

PLAYED OUT.—We were amused,—and so few doubt will be of our readers at the station—to hear a remark from an old man of war, whose hair was quite white, belonging to a ship now in the harbor. He told our reporter that he was over sixty years of age, and had been in the navy ever since he was a child. He had been through the fight of New Orleans and Mobile, and had been present and witnessed at the blockade of Charleston. When asked if the navy (meaning the U. S. Navy)—was not much improved in these days from what it was when he first entered it as a boy, he replied: "No, no! Just the contrary. Why since you knocked off slopping and stopped the grog, the navy is as good as played out."

AN ENTERTAINMENT BY AMATEURS.—We understand that on Saturday evening next, there will be an entertainment at the Theatre, by a number of amateurs. It will be by members of Mechanic Engine Co No 2, in the ranks of which there is no small amount of musical talent. Programmes of the performance will be issued previous to the evening mentioned, and we are assured that the collection of songs, etc., will be unexceptionable in taste and propriety, and that there will be nothing that the most fastidious can take offence at. We are also informed that several families have signified their intention to patronize the performance, more especially as the proceeds are to be devoted to the Company's Fund for the relief of those of their members who may become sick or destitute. The object must commend itself to the public as a pleasure-worthy one.

Semi-Annual Report of the Queen's Hospital.

To the President and Gentlemen of the Board of Trustees:

From July 1 to December 31, 1862, 710 new names have been entered on the books; 172 have been admitted as house patients—145 natives and 27 foreigners, and of this number 21 have died. The prescriptions amount to 2,480. The number of house patients generally averaged 50; 50 being the lowest and 60 the highest. The out-door patients have had at any time during the six months the out-door patients have averaged about 10 daily.

These figures will show that there has been no falling off in the usefulness of our institution from that exhibited in our last report. It is to be regretted, however, that since the steamer *Allison* has been taken off the line, our applications from Hawaii have become considerably less.Respectfully submitted,
W. H. HILLERBRAND, M. D.
